

A vision for Woolpit

Woolpit in 2036 is

an integrated community where people of all ages and from diverse backgrounds and cultures benefit from a wide range of facilities and employment opportunities.

The historic character of the village has been preserved and can be enjoyed by everyone, through a diverse range of footpaths, cycle ways and roads.

Congestion in the village centre has been dealt with by careful management and taking opportunities from new development.

Modern facilities and infrastructure have been supported by steady growth of housing and businesses at a rate that could be integrated into the community, supporting the existing shops and services. The village centre is a vibrant place, not only because of its range of essential shopping facilities, but because of the many suitable locations for local clubs and societies.

This has maintained Woolpit as a key hub in the network of nearby communities.

Investing in the village has kept us up to date with amenities demanded by residents, ranging from technology like high speed internet connections to sporting facilities for all.

Careful design of new buildings has ensured that not only does their character and density complement the village, but they integrate new residents with old and maintain a mixed community. It is a modern village with a traditional feel **where people want to live and work.**
