Subgroup objectives for February-March

1 - contact with key partners and stakeholders

identify key stakeholders;
open a channel of communication with each one;
identify their views / concerns regarding issues
that affect neighbourhood planning; *
ask them to discuss these views / issues in their own groups
and feed back to the NPSG.

* use and development of land and associated social,
economic and environmental issues,
AND views regarding current proposed developments

2 - membership of the steering group

choose who should become member(s) of the NPSG
who can best represent the focus of the subgroup
