

Woolpit Neighbourhood Plan

Questionnaire

Have your say about the future of our community

Please complete this questionnaire by 1 September

Introduction and Guide to the Questionnaire

Since May 2016 Woolpit's residents have expressed their views about the future of the village and the community. From the comments we have received the Neighbourhood Plan Steering Group have identified the themes which people are most concerned about. Thanks to your response, we now have answers to many of the questions we needed to ask about these issues.

However, there are still some unanswered questions within the main areas of concern. We hope that this questionnaire will provide the information we need to produce the Neighbourhood Plan and be confident that it represents the considered view of the community as a whole.

Woolpit's Neighbourhood Plan will help to shape the future of our village. We want our community to thrive and grow at a sustainable pace, supported by good infrastructure, services and amenities, and opportunities for business and employment. At the same time we want to preserve the character of the village with its historic centre and countryside setting. As our Vision Statement says, we want Woolpit to be 'a modern village with a traditional feel where people want to live and work'.

So don't miss this opportunity to have your say. This questionnaire should not take you too long to complete.

Community

Many residents have said how important it is for Woolpit to remain a village. We must adapt to the needs of a growing population, and at the same time protect the historic centre.

As more people settle in Woolpit, our community should welcome them, and help them become part of village society. Otherwise we risk growing more like a town, with separate neighbourhoods. We risk losing our village character.

10 How should we welcome newcomers to Woolpit?

Tick one or more answers.

Facilities and Services

Woolpit is a well-served village. However, public comments show some concern that services and facilities may struggle to keep pace with an increase in the local population.

And finally

Thank you for taking the time to fill in this questionnaire. You will probably have found that some questions are not especially relevant for you, and some asked in a way you would not have done. No questionnaire is perfect. Indeed, a good questionnaire should raise further questions, but we hope that we have identified the questions which will be most important in helping to devise Woolpit's Neighbourhood Plan.

We have possibly missed some things out. If something is wrong, not clear or beside the point, please let us know. If you need any help in filling in the questionnaire, please contact one of the people listed in the introduction.

Thank you
